WEB DEVELOPER / SOFTWARE ENGINEER / FRONTEND DEVELOPER

Experienced in React, JavaScript, and Ruby on Rails based programming with a background in problem-solving. Possess strong skills in organization and project management that encompasses self-motivation and seeing ideas through to completion. Enthusiastic towards Design which helps with styling projects. Great understanding of Linguistics that provides a basis in language learning, including programming languages.

TECHNICAL SKILLS

HTML, CSS, React, Ruby, Rails, SQL, JSON, JavaScript, Redux.

TECHNICAL PROJECTS

PicWorthy - *Github* | *Demo*
This is a website for posting, liking, and commenting on photos.
- Structured using mobile-first design with phone screen-size layout in mind and later upscaling.
- Created Full-Stack social application including Redux usage to help maximize database functionality.
- Included external components and tools such as Material UI and Swiper JS through React plugins.

TicTacToe - *Github* | *Demo*
This is a website for playing tic-tac-toe, either against the computer or a friend.
- Created Front-End only game based off of previous project using Ruby.
- Used Javascript functions and React hooks to provide game functionality and a "computer" opponent.
- Provided color options of the tokens to the user that are unlockable based on the number of wins tally.

Le Banque Du Porcine - *Github* | *Demo*
This is a website for viewing balances and wish-list items, with progress bars calculated based on both.
- Created minimalistic NextJs application using Supabase for the database API.
- Utilized nested routes to personalize data shown limited to the logged-in user.
- Stored data with integrations interconnecting them to each other, such as having an item only exist if there is a user.

EXPERIENCE

Naqada Studio - *Freelance Translator*
May 2021
- Translated 10 episodes of an anime TV show from Japanese into English.
- Listened to audio from video to aid in translating the Japanese dialogue transcription.

TED Conference LLC - *Translator*
October 2020 - December 2020
- Watched videos and translated Japanese dialogue transcriptions into English.
- Time-coded the translated dialogue in sync with audio for subtitles.

EDUCATION

Flatiron School
October 2021 - September 2022
Software Engineering program covering the fundamentals of Full-Stack Web Development.

University of North Texas - *Denton, TX*
June 2016 - May 2020
Bachelor of Arts degree in Integrative Studies with focus in Anthropology, Linguistics, and International Studies.
